Child Abduction & Custody

"Using a Foreign Country's Justice System"

"Not Party to the Hague Abduction Convention"

INTRODUCTION

I am originally an Egyptian native and now a U.S. Citizen. I was honored to serve as DoD Contractor in Iraq from 2003 till 2009 during the Iraqi Liberation Operation. I was divorced on November 6, 2016 in a family Court in Cairo Egypt. Since that date my former spouse has abducted my daughter who is a minor child. My daughter's name is Karma Shamel Hanafi and her birthday is June 12th 2012. My former wife's name is Deanna H Aal. My former wife has left the country with my daughter and I have not seen her since the divorce. The issues I have are that I want to enforce the facts, and my custody rights given to me by the Egyptian Law, through proper authorities in the US and make sure my case properly registered for any future allegations my former in laws, by taking the necessary action and informing the concerned legal and law enforcement entities in the as well the the USA Embassy in Egypt.

Denial of my parental rights is a violation of the United States Constitution under the "Equal Protection" Clause. I will present the chain of events that transpired, and furthermore; exhibit a conspiracy to interfere with custody of a child and contact and access to a minor child as set forth below.

I. STATEMENT OF FACTS

In June of 2016 my in-laws came from Egypt to visit and requested that stay with us which they never did before. During the last week of June my former wife at the time started to act erratic. The day after her parents acted as everything was okay; all of a sudden I realized they booked a flight to Cairo for July 24, 2016. My mother-in-law extended her stay so that she could spend time with her daughter.

On July 23rd, 2016 my wife stated she needed a break and she was taking my daughter to Cairo, Egypt without my consent and told her I did not approve, however; she left regardless. I was told that my former spouse stated that she would return in August, 2016 and has not returned since July. I have been deprived valuable time that I cannot get back and I am at a loss with no recourse. Consequentially, I was in distress and emotionally afflicted and did not discover many things until my emotions subsided. I realized that my former spouse had taken all of the original & official documents belonging to my daughter. I feel this event was premeditated and would constitute a civil conspiracy.

Secondly, after my in-laws and my former spouse left the United States my father-in-law began to defame me by stating I had a risky life style and his daughter had no place in my life. Later, I learned that my former spouse was acting by infidelity. I have proof that she was having an affair because I verified these facts by checking the phone bill, this much is provable. However, most divorce proceedings in modern times require no cause of action for dissolution of marriage. Finally, I am reporting this incident to inform authorities with my case, just in case my former wife decides to come to the United States I need to protect my rights to custody and see my daughter. In the meantime, I will take all legal action as deemed necessary.

II. ARGUMENT

The Former Husband is a Resident of the State of Georgia has a Right to enforce his Parental and Custody Rights under the Uniform Child Custody Jurisdiction Enforcement Act ("UCCJEA").

Under Georgia Code Annotated §19-9-40 et seq. the Court govern the "UCCJEA" and enforcement thereof. Georgia law has the authority to enforce and modify foreign judgments of a foreign country. The citation is found upon Georgia Code Annotated §19-9-44. Child custody determinations of foreign country (a) A court of this state shall treat a foreign country as if it were a state of the United States for the purposes of applying this part and Part 2 of this article. (b) Except as otherwise provided in subsection (c) of this Code section, a child custody determination made in a foreign country under factual circumstances in substantial conformity with the jurisdictional standards of this article must be recognized and enforced under Part 3 of this article. (c) A court of this state need not apply this article if the child custody law of a foreign country violates fundamental principles of human rights.

The Former Husband is protected under the Laws of Egypt.

I argue that based on Egyptian Family Law, which states in full that a woman can file for divorce, however, the former spouse must forfeit her financial rights, custody rights, and reimburse her husband the dowry (and any gifts) paid when contracting the marriage. In fact, my father-in law informed me that he would inform the Court in Egypt that the wife would relinquish all her rights, yet; by which I never got anything back. Moreover, when a wife is involved in an extramarital relationship with someone other than her husband she runs the risk of losing everything.

The Former Husband and Parent of a Minor Child are protected under the Laws of the United States and the Equal Protection of Rights under the Fourteenth Amendment of the United States Constitution.

The Fourteenth Amendment of the United States Constitution states specifically that no person shall be deprived equal rights, life and liberty, especially in child custody cases. Additionally, this provision of the Fourteenth Amendment prohibits states from denying a person equal protection of the law. I feel that my rights are being violated and because this is an International case and I believe that if things remain the same I will never see my daughter. Finally, this situation has damaged me emotionally , morally and financially.

III. CONCLUSION

Based on the foregoing statement of facts I am requesting that the United States assist me by supporting my legitimate rights in the US territories, and protecting my daughter to be raised in such unethical, unhealthy environment in Egypt and any and all relief that is just and proper.

VI. Actions taken

Next steps

Shamel Hanafi

Personal Statement

Someone called T-mobile call center claiming she is my wife, she or he I don't know how had the 4 digit of my wife SSN. He accessed the account,,suspending my personal line, change my address, order new SIM card and iPad, denied my access on the online account , and I got to know by the text alert message, supposed all the above has been carried by my wife... actual my wife and daughter has been out of the country since last July, visiting her parents... tried to call the Mobile operator trying to convince that I am the victim they did want to listen, after 48 hours was able to convince them, accessed the online account and I find out all the above mentioned changes and ordering new devices, meanwhile he had full access on all our data, address, passwords, credit cards, suspended all the actions done.. I filed a police report and till now T. Mobile don't want release any info, strange enough that the operator removed important data from the account, after filling the police report.

Subject: Re: Deanna

Dear Dr. Hussein,

Thank you for taking the time and reply to me and i really appreciate your patience, and I apologize for any disturbance, but I promise. This will be my last note unless you need me to answer your good self back...

Dr. Hussein I am doing my best to satisfy and not putting any burden on Deanna, I can read between the lines and from your e-mail, as if I am the one he is asking for the divorce...

I would like to highlight the following;

Deanna is the one that asked filling for the divorce, she said it in my face "I can't stand living with you anymore, I need someone to take care of me" ... I can understand that we are human being and our emotions can change at anytime, meanwhile I will not humiliate my self or my dignity more than this....

I do understand that it is normal that parents always take their sons and daughters, but i can't be wrong across the board....

If I'd said or acted or said the same to Deanna , Hoda and your good self would have chopped my head...

And In order to maintain the good and healthy relationship, as i am more close to you more than my family... So if Deanna wants to get her divorce and I can feel she is insisting... Well I am the one losing everything across the board, starting from not living with Karma, and you all know what Karma means to me, ending by loosing financially to satisfy and accommodate Deanna's which to stay and live in Atlanta.

Based on Deanna's desire, I would appreciate informing her that I am accepting her wish of filling divorce, and please let me know how you want me to proceed to finalize this subject, as I believe this the best solution !

Having said so... You will always be family that I do respect and appreciate standing by my self in the tough situation....

Sincerely yours,

Shamel

Dear Shamel

I received your email and I will speak with Deanna. She is very upset I do not know what happened every time I try to calm things you say something to upset her.

I will sit and have a conversation with her.

And I told her not to cakk her again. Although Deanna has not said anything about what is happening with u and Deanna

Dear Dr. Hussein, trust all is well at your end... Now Deanna is back hope she settled, as agreed I was waiting a phone call from your good self to let me know what is happening, as still asking the divorce because there is no communication between us is not a valid reason, it should be something else I am not aware of! Deanna has changed a lot during the last month and she was acting so weird.... We had bigger conflict during our marriage but never seen her like that! Since we moved to the new house and before anything happened she asked to sleep in Karma's room, cause I am snoring and she can't sleep?!!! We have been married for five years and discovered that suddenly!!! Also I don't know why is she insisting to inform my family that we are separated... What is the urgency??? When she was departing to the airport the way that I was greeted with is very humiliating, honestly I did not do anything to deserve that! Dr. Hussein, till the last moment I am trying to save this marriage, anyway with what Dina said and did a big scratch is done in our relationship....

If she's insisting for the divorce, I will give her what she wants, but meanwhile I need to know what is the real reason behind her request.

Thank you and looking forward to hear from your good self.

The good news I communicate with your family friend I will NOT meeting you just to avoid more damages, Honestly I have nothing to say, and I already exceeded the area of arguments or blaming each other's , I don't know what you want exactly?

I need to share with you my final thoughts with you in writing as you we can't have a descent conversation between us.

You see I am drawn in my own shit , always depressed, I take lots of antidepressants alcoholic, not sober, will not say addict, I know your mouth does not pronounce this word, . hummm, what else... [REDACTED]

I had to mask this paragraph, as respect for my wife privacy

what I noticed, also that you are doing lots of effort to look very sexy and beautiful when going out and, sure I love to see you always sexy and beautiful but for me I don't really remember when the last time you tried seduce me... either I am middle of something, or just by luck we are in the room and just you want to make love...

- Deanna, unfortunately nothing from the above is right and it's all excuses, if as you mentioned that I am depressed, or I am on drugs...! So it would have been more logic to have these symptoms now as I am supposed to be desperate as you left me and Karma and by my self!!! So you are wrong...
- Your complaint always that I am depressed and don't go out when your parents where here , first I can see going out once a week is enough that's for me... second, claiming that I don't like going out with parents, is not true I am the most man I ever saw that is going out with his In laws...
- As for Moody, I was told that I hate him and I don't like Moody your brother, told you I don't like joking by hands or , swearing or insulting me with heavy words, and told him many time, well if you feel that's normal, so it's up to you both... and if I didn't like Moody as you said, I would not make willingly the Caterina of his wedding, or each-time you were going to have dinner at his place, I was cooking for him...
- what else ya Deanna you wanted to divorce for..... ok, you need someone to be more affectionate. Loving and caring , even you did not say it as you use used to "I want you to be as you used to be, loving, caring) ... and you can't stand living with me anymore
..Very true go ahead... you are right! **Good look in your search....all the best...**
- What is totally new and I am really surprised from!! I know since six full years, I never saw once, will not laying, but not saying except the truth and nothing but the truth.... I won't say laying, but always whenever there a situation you say half of the truth, or you lie!!! Why you were giving the impression that your DAD

he is the one insisting on our divorce, and you are trying to compromise.... *Compromise what!? I have been the most happy husband... had nothing to complain from..*

- Ahhh I remember, you told me in my face " I can't stand living with you any more" and asked for the divorce twice, till know I don't buy your reasons for asking for the divorce, This excluding the vague conversation and meeting of Cairo.. that till now. don't know where is the truth! The logic says, they had part of the truth you know why, very simple! Every thing was told to me , nobody knows it except me and you
- *!! Really I feel pathetic, and if it happened during our marriage life, definitely I would have tons of doubts... but now honestly I don't or not interested anymore...., but there is something wrong, that you wanted to hide it... you & your brother freaked out when I got your messages and phone logs, you shut the Facebook, switch off all your mobiles, changing (Alias its IT term), disconnecting my phone, cancelling my access & my log on details, wallahi I swear I had a mirror of your phone on my I Pad , but I wanted to check only one thing ! Why you have flipped in 24 hours and ask for the divorce for reasons I am still not convinced with at all (the above reasons)*
- ✓ And why we did that after I sent a nice letter to your father, explaining everything, and I was very Transparent, I had no intention from sending this letter to your father except I do respect him...(I sent him the letter and you were copied Oct.5th. At 11.20pm and I started receiving T-Mobile message and alert at 12:44 at all is logged, !!!! Very nice an strange coincidences
 - *Why You put me under the impression that your father he pushed you to disconnect my phone and denied my access. It seems Ya Deanna , that it is not in your favor to have or to be in a good relation with your parents... you know, cause we where messaging and you were calling, but the moment that I started having direct communication channel with them, you freaked out why? I have clue....*
- Why Moody used your Social Security and password for Getting new sim and new I Pad and Don't say NO! You forgot that it is my credit card on the account.
- I had a hearing today at (ATLANTA POLICE DEPT)every thing is logged, many stupid mistakes was done by you and your brother , tried to make 3abeet. And I know nothing At the Identity Theft and fraud unit... they did disclose who that person, I am smart too, all their questions was evolving if I am having domestic problems with any member of the families... again I swear, I did not get your txt for the mobile company!! If I knew that you would freak you out I would had a print out .. I can ask for it again, but I don't feel or have interest...
- *Deanna, the moment that a wife or woman, give away her husband to proof her point of view, this wife or woman can not be trusted again, and this what happened in front of every one, my family, yours, friends.. how many times we had biiiiiig fights, was always trying to fix things and please you... this is the only thing that hurt me... can you imagine... i dropped and forgive every thing and everyone.... Just imagine we are having a big fight, and families are involved, my mom says ""yeah Deanna always goes out by herself and all the time seen only with men, she comes late every night, and she got drunk and she has bad reputation, bla, bla, bla ... Even if what she is saying is true... Do you think I will be silent, with "No Comment" face like what you did exactly.... you have not denied any thing even if it was true I am your husband ya Deanna, you should have had defended and protected me.You know what ? On your traveling day to Cairo*

- ❖ Based on all the above and your very recent written and verbal conversations and your direct request to me personally by you July 3, & July 25th. 2016 and your respectable father, for your divorce, I am repeating the same sentence I said it to your father in a letter dated 29/7/2016, saying if you want and asking to get divorced, it's my pleasure, I will not bag you to stay together.
- ❖ And since you where deliberately shoving me to reach the edge, , and you know what exactly can spark off my angerness, put me out of countenance, to be always seen the bad, high temper, guy, that can't control his anger... As I have been always gentleman and based on your several request of getting divorced, and this I am gonna discuss with your father, as I believe this what he asked for, during his meeting with Mona... from what I see your life is getting settled in cairo, even I requested you to be low profile this 2'weeks till we finalize the divorce that you still insisting to have it, you did not care about what people saying, you want to hear, quoting them (is that someone is gonna divorce soon, she seems to happy and she is taking much more good care of her self, sure will gonna hear something soon, sure they mean a relation) well it is you but at least show some respect to me while you are still my wife..
- ❖ *The truth: whatever excuses or reasons you invented for asking the divorce, AGAIN, PLEASE DON'T INSULT MY INTELLIGENCE I AM NOT CONVINCED WITH, AND I COULD NOT KNOW THE TRUTH... BY THE WAY ITS NOT ONLY ME, THE PEOPLE THAT KNOW THE REAL STORY. WELL SOONER OR LATER I WILL KNOW*
- ❖ and *Alhumdellah* things started to move with me in ATL, as my friends facilitate for me the credit issue, and I financed a brand new car, I got a business loan from the bank ... the only thing that I am hesitant is the moving from the apartment as it is too big for me and the 2 bed room is much cheaper , specially after the big amount of money and upgrade, effort spend on it.
- ❖ So far shared with you all my annoyance, frustration, and I answered all the your question mark... this all I have or had to discuss with you... and it is obvious that you had many issues and problems in our marriage,I cleared all the gray area that I had , I tried to be civilized as mush as I can in my writing... if there is anything I dropped or forgotten, please feel free in write me back,
- ❖ after meeting you father, I will discuss Karma's visit and frequency with you .
- ❖ When we got to know each other's, one of the main qualities that I made my selection and fell in truly in love with you, the way you appreciate the family life , and how close you were to your family.... You changed a lot ya Deanna...
- ❖ Last thing, I would really thank you for something great you did it and you don't even aware of it, that without knowing, that crossed the shittiest period of a divorce which the last 3 month, still it won't be easy but it won't be as if it's still fresh.

Conclusion: Last but not least, I would like to remind you that very soon I will be in my early 50's and you will be at your 40' do you think that it is easy at our age, we are not so old, we can have the tolerance of going through a THIRD MARRIAGE? For me no way ? Usually the more the couples getting older, the more the get more tight to the family, karma one day she will have her life, we will find our selves each one is staying in a country lonely by him self.

I was aiming the move to the USA, will provide us with a better quality family life, as for me I was really happy seeing Karma growing up in good and healthy environments, and me and you thought for a while that you are happy.. the only thing than I can tell either you became too Egyptians lady **OR you have someone in your life**

I had to share this with you, and I will keep this letter for the record...

Subject: Out of respect I had to get back to you

Dr. Hussein!

I am getting back to you out of respect since we had a conversation earlier this week...

As i mentioned before that things are getting really ugly, and I am sure that I am blamed as fact of life without going in too much details, I would like to share the following points with you, and what I know about you, your decisions are based on facts and not stories or assumptions... me too I hate being judgmental or take a decision based on " I heard or I was told" !

During the past 3 month, many ugly and nasty problems, rumors, allegations that was mainly targeting directly my integrity and dignity, it was communicated to me through different persons, **and I will not go through it and I will drop whatever allegations' or things being accused with.. though, I had all the rights and still have all the rights for filling court case against you..but I won't !**

I will be very practical, as you all and including my family forgot what was my real issue and concern with Deanna, NO. 1 to NO. 100 Million what happened to make her flip over 24 hours and ask suddenly for a divorce!!!! I was told when she was here, is I am drinking too much, and we don't communicate enough!!! Knowing my wife inside out, I was not convinced 0.001% of the reasons said to me.

Let's have a flash back, what was my pitfalls or un-accepted behavior? That I placed on FaceBook couple of quotes, whit-out mention any names? Ok ! I did that I am not denying.. but for every action there is a re-action.. one night Deanna was out with her friends in Sahel, and send her a message saying she has to inform where she is going and with who? The answer was...We are Officially Separated and don't have the right to ask.. so it's very normal reaction from an angry husband who still madly in love with his wifeneedless to mention the very cold treatment and attitude I was receiving from her for 21 days before she travel...

What was the reaction for something I did it out of being angry, jealous.....& I have my reasons... my wife left the country with my child asking for a divorce... You know what that means ? *Sure you know.. loosing my life... yes Deanna and Karma are my life!!*

Will tell you what was communicated to me by you from several sources , and you judge the situation....I will not mention names, as i owe all the respect for all of you being family, and my family friends or personal friends, conclusion you denied every thing !!!!

O

1- I am drunk all the time and I drink extensively up to 24 bottle of bear a day

2- Drug addict

- 3- Deanna opened a parcel was delivered by post office and was full of drugs.
4- I am all the time mingling with two elderly men and looking of having affair with 18 & 20 years old child...
5- you are not feeling safe leaving Karma and Deanna with me, as you asked many doctors about my case and they said, " he is not cured from the addiction and need another year in the rehab"
7- I am refusing to divorce Deanna, and you have many things against me, if I will not divorce.
6- needless to mention some other points that I can't even mention either. Though I sent you three official communication telling you, any time with pleasure...

The above was your main reason to ask for the divorce, and honestly, if one factor only of the above is true , more than enough to give Deanna the right of divorce legally .

After all what happened in Egypt meetings, and reunions, rumors, !! didn't give too much attention or importance as I have very high self confidence and esteem for my self...

Dear Dr., you know what was my concerns till last night? What was MY main reason that made my wife flip in 24 hours?!!!! Specially we did not have any kind of tiny to major issues during the last three month....!

Coming now to the tangible facts and evidences, as I mentioned at the beginning of my letter. We are both not judgmental right? And all the facts provided are authenticated, and approved for release, some are not, but does not affect my problem with Deanna. I am gonna mention couple of examples only, they are more than enough, and I have to respect my wife privacy, specially when it comes to her private life & family ...they are available, if you would like to have a look on my computer.

PS[: TO BE SPECIFIC I THE BELOW MESSAGE IS NOT COPY PASTE, ITS THE SUMMARY OF 4 communications with one person..

1) message from Deanna on jul 4th. 2016 to two of her friends" My parents are not happy with Shamel and they think he is not doing enough efforts with me, and I deserve better.... and I will ask the divorce... and I am gonna leave him for a while and he will not be able to divorce me as he can't live without me"

2) Deanna Asking for the divorce on Jul.3, 2016,

3) jul. 1. 2016 the 3 of you had dinner at Avalon (evening that was raining & Uber was late to drop you back home)

4) after we spoke last week me , you and Hoda that we have to meet me and Deanna, i found out she is in contact with two family attorneys one in Savanna, the other in ATL?

3- Deanna opened a parcel was delivered by post office and was full of drugs.

4- I am all the time mingling with two elderly men and looking of having affair with 18 & 20 years old child...

5- you are not feeling safe leaving Karma and Deanna with me, as you asked many doctors about my case and they said, " he is not cured from the addiction and need another year in the rehab"

Conclusion:

what do you expect from me after reading the entire messages, for a while I was feeling that it's day dream, and was looking the reports once, twice and many times, I felt this no way it can be Deanna! What I did to deserve all that? First time since ages, I have my tears dripping... yes i was mean with her in my mail ...what do you expect from someone, that he woke one day, and find the best two things that happened to me in my life my wife and my daughter, simply they are gone... simply she asked for the divorce because her parents feel I am not doing enough effort and she miserable with me... over a dinner you decided I don't fit for your daughter and Karma... and you know quit well what both means to me.

I am supposed to ignore what I saw with my own eyes and come to Cairo and hear more allegations? Someone that his life was vanishing in 72 hours!

What count for me is Deanna and Karma not anyone else , unfortunately she is the one now that taking all the shit from from me the poor girl.. I was disappointed in Deanna not her parents!

You know why I was doubting from the very first beginning about what Deanna claimed, that I drink and etc... ?

Ya Dr. Hussein, Deanna was brought up on principles ... Deanna she is not a good actress, she's not good role play girl , she couldn't perform well starting from asking the divorce till trying to convince with all the nonsense reasons for asking the divorce. That's why I was running after the truth for four full months.... this is me, when I love someone, I love him to the extreme and when I hate it the same...

Whatever happens , I am now convinced with my own reasons.... and I am not Womanizer , or someone that does not appreciate his wife or his daughter. Ya Doc. Hussein, So I will always love Deanna and karma she is my life I am living for them both...

You should be proud of me, of protecting my small family and extended family which is Hoda and you, and being a Man or a son you have been always and will be proud of and depend on... I have no other intentions except that i loved this family...

By the way I am not writing to you as I need or asking for anything... I wanted to live and share with me the frustration moments, actually days, maybe weeks I am living.. well you know the people in Egypt, I did not care about anything was told, either the good, the bad or the ugly, can you imagine one day i receive a call from Egypt, someone asking if Me & Deanna we are divorced or separated as there is someone is interested in dating here.., and I know both of them.... so what do expect from me..?

I am still coming to Cairo to see Karma as can't find the right word to say that I miss her loads..

If there is anything you would like to discuss, please call me... I am not the kind of person that deny, forget or betray my family that lived with them five years in the same house. Hoda, she was and will be more than a sister and close friend, and your self though I was upset from you, but I always treated you with love and respect...
